OUR FATHER

Servant of God Louis Savinien Dupuis was born on 18.08.1806. He sacrificed his life for the sake of the growth and development of the Pondicherry Mission. Louis Savinien Dupuis has been a Man of God. A multifaceted expert in the development of Tamil language, a person who sowed the seeds for women empowerment through women education. He is the founder and master builder of Immaculate Higher Secondary School, Puducherry. He is remembered for his indelible selfless contribution towards women empowerment for the generations to come.

THE CONGREGATION

The Franciscan sisters of the Immaculate Heart of Mary Congregation was established in the year 1844 in Pondicherry. The congregation aimed at liberating the oppressed, illiterate and downtrodden women folk from inequalities and social injustice. The prime motive to start these institutions was to provide opportunities for women to improve their standard of living by being self-reliant.

THE COLLEGE

Idhaya College of Arts and Science for Women, affiliated to Pondicherry University was started by the Franciscan Sisters of the Immaculate Congregation during the year 2004. The college strives to impart value based education for the integral, holistic & wholesome personality development of the students. The college envisages "Educating women for life, mold and empower them to become efficient leaders of our nation". It helps the women folk to progress towards higher level of education and research.

ABOUT US

The Department of Commerce commenced in the year 2011 to cater B.Com program and it has been reaching heights since then. It launched the post-graduation program M.Com in 2014. Today, the Department of Commerce has evolved and exemplified as a pinnacle of excellence. It aims to provide academically efficient teaching in the area of Accounting and Finance. We organize several State and National Level Workshops and organize quality education and training to students for shaping their careers for the dynamic sustainable corporate world.

ABOUT THE PROGRAM

The two-day workshop on **R and PYTHON LANGUAGE** is intended to train and improve faculty members and research scholars in diverse area of research. "R" is widely used in data science by statisticians and data miners for data analysis and development of the Statistical software. PYTHON is a general-purpose language that is used for the deployment and development of various projects. PYTHON is commonly used for developing websites and software, task automation, data analysis and data visualization.

OBJECTIVES OF THE PROGRAM

- To improve the researcher's understanding by the use of quantitative and qualitative approach.
- To understand the basic concepts and applications Database system in R-LANGUAGE.
- To help Data Scientist and Statisticians create graphics and perform statistical computing task.
- To familiarize participants with the basics of Python programming language.
- To explore various data types and variables in python.
- To acquire basic debugging skills in Python.
